Dear Skagit River Ranch,

In recognition of your farm achieving Certified Humane certification, the ASPCA has added Skagit River Ranch as a distinguished company in our ASPCA[®] *Shop With Your Heart* program. You can find your farm on the *Shop With Your Heart brand list*.

The ASPCA[®] *Shop With Your Heart* program connects caring companies to caring consumers and institutions, helping buyers identify, find, and request higher welfare products.

Thank you for helping to create a more humane and transparent farming system for animals and giving caring consumers a real option. This change would not be possible without you and we are proud to showcase farms like yours.

Sincerely,
